

SMART DESIGN . STRONG PERFORMANCE

EXTREME SPINRUN 6020 PH-NXT  
PHOTOCHROMIC SAFETY EYEWEAR - IRON BLACK

PRODUCT OVERVIEW

The Extreme SpinRun 6020 features a lightweight Iron Black NyloNex frame with adjustable aluminum temples. Equipped with advanced NXT Photochromic lenses that adapt to changing light conditions (transparent to dark), ensuring optimal vision and protection in any environment.

- **NXT Photochromic Technology:** Adapts from 20% to 91% darkness based on UV exposure
- **Ballistic Rated:** Meets ANSI Z87.1 high-mass impact standards
- **UV 400 Protection:** Blocks 100% of harmful UVA/UVB rays (up to 400nm)
- **NyloNex Frame:** Ultra-light, flexible, and unbreakable material
- **Adjustable Components:** Customizable nose pads and aluminum temple tips
- **Durability:** Long-lasting photochromic performance (5+ years)
- **Micro-Glass Coating:** Superior scratch resistance and anti-reflective properties
